ACCOMPLISHMENT REQUIREMENTS FOR DENTAL STUDENTS IN PHARMACOLOGY II.

Considering the Academic and Examination Regulations of the University of Szeged and the Faculty Academic Regulations, the conditions for semester accomplishment at the Department of Pharmacology and Pharmacotherapy are as follows:

1/ Attending the lectures is not mandatory, but it is highly recommended to understand and follow the material. Students are required to attend practical studies. The attendance will be continuously controlled by the Department. **In case of absence over 25 % the department will refuse the acceptance of the semester.** Certification about the absence should be presented to the teacher of the practical within 1 week upon arrival.

2/ There are three interim exams (demonstrations, MTOs) in the form of test questions in the second semester. **At least passed (2) level must be achieved in each demonstration that is the criterium of the acceptance of the course. The failed MTOs can be repeated only once during the last week of the second semester. The average of the 3 MTOs give the final mark of the theoretical part, no additional exam is possible during the exam period.**

Szeged, 12th of February, 2024.

Prof. Dr. István Baczkó
Head of the Department
